LIBYA: Opportunities, Challenges and Prospects For Business

Wednesday, 26th September

VENUE: 2 Humber Quays, Hull

Dear All,

We will be commencing our new World Trade @ 1 (WT@1) programme with a market briefing on Libya, it's opportunities, challenges and the prospects for business with the rebuilding of Libya.

Libya is experiencing a period of extraordinary transition, embarking on a programme of national reconstruction and economic growth is expected to be 13.7% during 2012-16. It is actively seeking foreign partners to supply the necessary products, services and expertise.

Before conflicts erupted, UK business with Libya was worth around £1.5 billion from activities pre-dominantly based in the oil industry but now opportunities can be found in:

- ✓ Oil, Gas & Power
- ✓ Construction & Infrastructure
- ✓ Education, Training & Skills
- ✓ Business & Financial Services
- ✓ Healthcare
- ✓ ICT
- ✓ Civil Security

Our panel of experts for this event include Alan Fraser, Libya Specialist AKE Group and Richard Northern, formerly HM Ambassador to Libya.

AKE Group provides security, intelligence and risk-management services to insurance, shipping, engineering and energy sectors, as well as supporting NGO's and the new media in hostile environments. AKE is currently advising a number of firms who have moved back into Libya to do business.

Richard Northern was until recently the British Ambassador to Libya, before and during the uprising last year. Richard is now heavily involved in promoting businesses in the Middle East and North Africa and will be presenting on "**Rebuilding Libya: Prospects for Business**".

You will have the opportunity to network with fellow international traders and the experts over lunch, and also with Sameera De Silva, Deputy Head of UKTI Libya Desk.

Places for this event are limited, so please ensure that your place is reserved by completing the attached booking form and returning to l.holt@hull-humber-chamber.co.uk

We look forward to seeing you on the 26th at Humber Quays.
